

STRONGER PERIPHERIES

[OPEN CALL TANDEM “DAILY BREAD”] [TERMS & CONDITIONS]

DEADLINE FOR SUBMITTING APPLICATIONS: 08/04/22

A. About Stronger Peripheries: A Southern Coalition

Stronger Peripheries (2020-2024) is a large cooperation project co-funded by the Creative Europe Culture Programme, gathering eleven arts’ management organizations and three research institutions from ten Southern-European countries. It is the first project to be implemented by the **Southern Coalition**, an informal network that connects locally anchored cultural practices in a European South, aiming at overcoming isolation and boosting the skills of artists, cultural professionals, and audiences.

Stronger Peripheries questions and discusses the notions of “south” and “peripheries” from a socio-political and socio-cultural point of view, providing an opportunity to renegotiate our identities through culture and the empowering confluence of cultural difference.

Stronger Peripheries opens a space for dialogue, collaboration, and joint learning among Southern Coalition’s partners through diverse collaborative artistic strategies and capacity-building actions, whilst promoting reflection and influencing prevailing cultural policies’ models in the South of Europe.

The project develops around three main areas of action:

- **Collaborative strategies**, envisioning to increase collaboration, professional opportunities and transnational mobility for artists and cultural operators from a peripheral South through the development of 12 *Tandems*, innovative methodologies of artistic co-production and audience engagement.
- **Capacity building**, an extensive training program comprising 22 workshops, seminars and conferences based on peer-to-peer learning in the fields of audience development, new arts’ management methods, international cooperation, and inclusive cultural policy-making, allowing for partners, local cultural operators, artists, and researchers to expand their knowledge and increase their skills.
- **Cultural policies**, aiming to raise awareness on the particularities of the cultural policies’ models of the peripheral South, while advocating for the social value of art and the importance of inclusive/participatory artistic practices in social cohesion.

Stronger Peripheries' program will be developed under 6 topics/discussion triggers, which reflect prevalent social and political challenges in the peripheral south: **Work and Happiness, Connecting Dots, Daily Bread, Having a Voice, Bridging the Gap and Right to the Future.** Each of these topics is to be interpreted locally, in all participating partners' countries, through new artistic productions created in *Tandem*, and artists/audiences' relations.

Stronger Peripheries will coproduce a total of 12 performances created by artists from 10 different countries. The coproduction of performances within Stronger Peripheries follows a specific collaboration methodology - that of *Tandems*. Each *Tandem* matches two organizations from two different countries (which do not commonly cooperate in international mobility) to coproduce a work by an artist, under the wide umbrella of a specific topic.

B. The Partners

A Southern Coalition includes fourteen organizations and institutions ranging independent performing arts' organizations, theatres, residencies' spaces, networks, and universities from ten different Southern-European countries (Croatia, France, Greece, Hungary, Italy, Portugal, Romania, Serbia, Slovenia, and Spain):

C. Who are we looking for?

This open call is searching for an artist/company resident in Italy, who will work in Tandem with Pergine Festival, Pro Progressione and L'arboreto - Teatro Dimora di Mondaino in the production of a new creation under the topic "Daily Bread". The artist/company should be willing and interested in dialoguing with hosting communities, groups of local inhabitants in each of the partners' territories (12-20 pax approximately) who shall engage in research and creative processes, in terms to be established between parties.

We are seeking to find contemporary artists/companies/collectives who:

- reside in Italy.
- work within the fields of the performing arts: dance, theatre, performance in urban/natural settings, or any hybrid/transdisciplinary forms cutting across them;
- take an interest in participatory creative practices or methodologies;
- are willing to engage in/be influenced by specific local contexts;
- are committed to address the Tandem's topic "Daily Bread" (broadly understood);
- present an established body of work, albeit not yet internationally accomplished, meaning that the opportunity to have their work coproduced within "Stronger Peripheries" would decidedly leverage their international careers.

D. Meet the Tandem's coproducers

Pergine Spettacolo Aperto, better known as Pergine Festival is an Italian theatre and performing arts festival, closely linked to the town where it was born and in constant dialogue with the community and the spaces of the urban landscape. Born in 1976, it is the oldest and longest-running live-performance festival in Trentino (Italy). The Festival is the driving force of new creativity linked to different disciplinary fields and production methods that involve the audience in different forms, that use technological devices for new forms of artistic enjoyment, which inhabit unconventional places. A particular support is given to emerging artists and creation for the public space. The festival cultivates intense cultural and artistic exchanges across Europe.

For the Tandem "Daily Bread", Pergine will be hosting a research and a creative residency, as well as the production's première.

Pro Progressione is a Budapest-based artistic hub that connects people, professions and ambitions by designing international collaborations in the field of culture. From this combination, creative ideas emerge – artists, cultural activists, scientists and experts of various fields meet and give cutting-edge answers for the questions of our age. We focus our capacities on the fields where we aim to have a positive long-term impact, thus Pro Progressione is built upon four main pillars, PP Social, PP Cult, PP Arts and PP Sound. We are active in the field of socially engaged arts, cultural & natural heritage

interpretation, music as tradition and the production of unique performances. Pro Progressione has been implementing numerous international projects supported by the European Commission. We believe in interdisciplinary creation, in a mutual exchange between disciplines, art forms and actors of social and artistic fields. Our overall objective is to create an international network of artists, institutions and audiences by helping the communities to find their path towards arts.

For the Tandem “Daily Bread”, Pro Progressione will be hosting a research residency and the production’s further performance.

Created in 1998, [L’arboreto - Teatro Dimora di Mondaino](#) is a cultural organization recognized locally and internationally for the quality of its activities. L’arboreto’s aim is to enhance the culture of theatre and performing arts, through, among others, two main activities: training and creative residencies.

The Theatre Dimora - which opened in 2004 -, and the two guest houses - in Mondaino (Rimini province, Emilia-Romagna region) in an arboretum park of nine hectares with about 6,000 types of plants -, make L’arboreto a unique structure in Italy, particularly suitable for the research and the production of new artistic contemporary works. Guests can develop all sort of performing arts. Emerging artists and projects intending to develop and involve audiences are particularly welcome.

Within the Tandem “Daily Bread”, L’arboreto - Teatro Dimora will be hosting a creative residency.

E. What’s in it for you?

As a coproduced artist/company/collective, you will be offered favorable conditions to create and delve into a thought-provoking topic, while relating closely to local communities and contexts. You will get to experiment new participatory methodologies, accompanied by a diverse group of local inhabitants that you will include in your research and creative processes in ways to be defined. Your work will be presented in both Italy and Hungary, reaching wider, international audiences. You will also benefit from extended support from Stronger Peripheries partners’ expertise and networks, as well as build possible new opportunities for transnational collaboration and European mobility.

Among all the applicants, the 20 highest scored artists/companies/collectives will be selected to enhance their work’s dissemination through Stronger Peripheries website, which is expected to gather an impacting sum of international visitors throughout the project’s four years of implementation and beyond.

A total of 5 applicants will be shortlisted to partake in a final stage in the selection process, a Tandem Workshop taking place in July 2022, after which one artist/company/collective will be chosen for coproduction.
